Email: [mehulg2005@gmail.com](mailto:mehulg2005@gmail.com)

Mobile: +91-8950326179

GitHub: [github.com/MehulG05](https://github.com/MehulG05)

Final-year CSE student with production full-stack experience and ML research. Open to backend, full-stack and AI/ML engineering roles.

## EDUCATION

- Bennett University (Times of India Group)** Greater Noida, India  
*Bachelor of Technology - Computer Science and Engineering; CGPA: 7.79* 2023 – 2027 (Expected)
- Greenland Public School, Karnal** – Class XII (CBSE); Percentage: 77.8% 2023
- Dyal Singh Public School, Karnal** – Class X (CBSE); Percentage: 90.8% 2021

## SKILLS SUMMARY

- Languages** TypeScript, JavaScript, Python, C++, SQL, HTML, CSS
- Web & Backend** Next.js, NestJS, React.js, Google Maps API, WhatsApp Business APIs
- Data & DevOps** PostgreSQL, MongoDB, Docker, Linux/Shell
- Machine Learning** XGBoost, SVR, ElasticNet, 1D-CNN, Stacked Ensembles, RFECV Feature Selection
- Concepts** Data Structures & Algorithms, System Design (HLD/LLD), Role-Based Access Control
- Familiar With** Java, AWS, TensorFlow, CUDA C, LLM APIs, RAG, GANs, Clawdbot

## EXPERIENCE

- Sahayogi One** – Business software for Indian SMEs Noida, India  
*Developer Trainee, Core Product Team (Next.js, NestJS, PostgreSQL, Docker)* June 2026 – Present
  - Payroll & HR Module:** Built the payroll and HR module end to end, covering attendance, leave policies, payroll processing, PF/ESI/TDS compliance, onboarding and full-and-final settlement, with role-based access at three levels. Live in production.
  - Design & Quality:** Wrote the HLD and LLD (database schema and API contracts) and got them approved by the senior team before coding; shipped after code review and QA covering functional, edge-case and regression testing.
  - WhatsApp Integration:** Integrating Meta's WhatsApp Business APIs into the company's messaging product.
- RBH Solutions Private Limited** – SCADA software for remote industrial monitoring Remote  
*Full Stack Developer Intern* June 2025 – July 2025
  - Admin & Customer Panels:** Built and updated screens across the admin panel, where the system is run and configured, and built several customer-panel screens that clients log in to and use.
  - Role-Based Views:** Built role-based screens for super admin, tech team and customer roles, each showing only what that role may see, with customers limited to their own sites and data.

## PROJECTS

- UniRyde – University Ride-Sharing Platform (Web Development, Maps Integration):** Ride-sharing platform where verified university students are matched with others travelling the same way and split the cab fare. Includes student verification, secure sign-in and route-based matching with the Google Maps API. Tech: React.js, MongoDB, Google Maps API, HTML, CSS (March '26)
- Ocasio – Event Planning Platform (AI Recommendations, Secure Payments):** Platform bringing organizers, photographers and event planners together, with verified listings, AI-powered recommendations and secure payments. (February '25)

## RESEARCH

- Hyperspectral Imaging for Precision Agriculture: Enhancing Crop Decision Making and Yield Optimization:** Predicting wheat yield from hyperspectral remote sensing data. Selected informative spectral bands with RFECV, compared SVR, XGBoost, ElasticNet and a 1D-CNN, combined them in a stacked ensemble, and analysed cross-environment generalization. Tech: Python. *Manuscript under review* (April '26)

## CERTIFICATIONS

- Build Better Generative Adversarial Networks (GANs)** – DeepLearning.AI April 2026
- CUDA C Accelerated Computing** – NVIDIA April 2025
- Introduction to TensorFlow for AI, ML and Deep Learning** – DeepLearning.AI February 2025
- Peer-to-Peer Protocols and Local Area Networks** – University of Colorado System February 2025
- Operating Systems and You** – Google February 2025
- Supervised Machine Learning: Classification** – IBM November 2024

## HONORS AND AWARDS

- Received a grant of INR 10,000 from the Government of India under the INSPIRE Awards program
- Secured 1st position in Battle of Brains (MAT and General Knowledge) at the intra-district level
